

# Permaculture Projects

Lizzy Smith - Permaculture Designer

## What the client said:

"I loved the style and approach of your design"

## What the client got:

1. Interview and site walk with the client to determine preferences, priorities, needs, skills and resources.
2. Concept plan with zones and phased actions for planting and hard landscaping.

## Design intent

The working brief was: pretty, productive and private.

## Urban 9 - Large yard, home business. Cool temperate. Family of 1 plus cat.

### Before

Top photo - Concept plan.

Bottom photo - View from back porch. Cat enclosure on the right of bottom photo accessed from bathroom by the cat, Chanel

### After

Top photo - view from the back porch. The garden and furniture layout was more embracing and will only get better with more plantings and time.
